Dear Sir

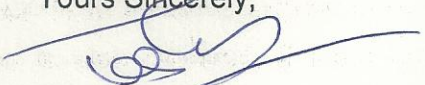

With reference to DO letter dated 23-01-2015 we appreciate your gesture in seeking the cooperation and support from each and every employee unions and their members down to the field level. On behalf of our union we met you personally and conveyed our good wishes and support in making the BSNL a strong organization. We also delighted to the concept of union management partnership in making the BSNL regain the strength.

But we are pained to note that the letter was addressed only to the recognized employees unions. We do not understand the technical formality behind it. The concept of family involves everybody whether recognized or unrecognized, because unrecognized unions are also having employees and their cooperation is also required, if I am not wrong. In some verification because of various reasons one union may be recognized and some are unrecognized on technical basis. But there is no such restriction in seeking cooperation of all to end the differences with management.

We leave it to your judgment and hoping to be taken in the sprit it is addressed.

With regards

Yours Sincerely,
